M. Edouard Schott, President,
Tribunal civil de Saverne,
26, rue des Murs,
Saverne, France

Dear Sir:

Your letter to the Metropolitan Museum of Art, requesting a galvanoplastic facsimile of the George I Rosa Americana piece of 1722, has been referred to us for reply. Unfortunately we can not supply galvanos, but we are sending under separate cover a gypsum casting of obverse and reverse of this piece. There is no charge for this.

Very truly yours,

Curator
